

THE GREAT REDEMPTION

© 2009 words and music by Michael Nicholson

Noah built an ark of wood but it had never
rained, they said he was insane
Forty days and nights the flood came
but Noah was saved – because he believed

CHORUS

*In the great redemption, I believe, I believe
In the great physician, I believe, I believe*

When Job lost all that he had and nearly his life
he looked up to the sky
He said “My redeemer lives and I will stand with
Him” – because I believe

CHORUS

Once there was a giant in the land that made
Israel afraid , greatly afraid
David didn't fear this man who had terror in
his eyes – for David's God he defied

The battle is the Lord's David cried,
with sling & stone he showed
the God of Israel is alive

CHORUS
